

A *boost* of taste and
freshness, 100% natural

 **tastelift**

tastelift

FTNF Orange Essence

Enhances the flavor and natural freshness of orange in juices, nectars, and other foods (sauces, toppings, fillings, fruit preparations, etc.)

Flavor and taste boost

Natural aroma, 100% orange

Ideal for food and beverages

It is pure orange

FTNF* flavoring solutions, **100% orange and 100% natural**, offering clean label products to consumers.

*FTNF: From the named fruit

A boost of taste and freshness

It makes the final product even closer to the fruit, **bringing the volatiles lost in the thermal process and enhancing the flavor, aroma and freshness.**

Transform your product

It adds value and sensoriality to the final product in a practical and convenient way.

Main applications:

Juices

Nectars

Drinks

Desserts

Sauces

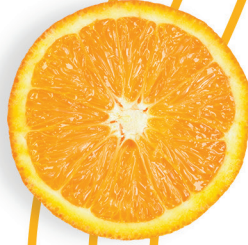

Toppings

Fillings

Fruit preparations

It is 100% orange

Usage recommendations*:

- NFC or reconstituted juice (11.2°B): 0.5% to 1.5%;
- FCOJ (66° B): 5 to 10%;

*the dosage depends on the oil level of the juice, starting base, recommended final level and legislation.
