fiberfeel^{OP}

The **fiber** with natural orange taste

100% natural product made from the best part of the fruit. Natural fiber source with the freshness and taste of the natural orange. It's the perfect option to give texture and consistency to food and beverages. It can be used pure or as an ingredient in different industries (clean label alternative for texturizers, source of fiber, orange taste).

- . Natural orange taste;
- . Creamy and unique texture;
- . Natural source of fibers;
- . 100% natural, from the orange.

fiberfeel^{OF}

Innovation for texture and versatility

100% natural product, made with premium orange cells. Natural source of fibers, with neutral flavour and light texture. It can be used as a thickener in several products and in different industries (texturizers, source of fibers), that guarantees clean label and low calorie index.

- . Low calorie;
- . Neutral flavour puree;
- . Creamy and unique texture;
- . Natural source of fibers and 100% natural.
